

RECOVER

RESEARCH ON THE EPIDEMIOLOGY OF SARS-COV-2 IN ESSENTIAL WORKERS, EMERGENCY RESPONSE AND HEALTHCARE PERSONNEL

We Need YOU! Join Us in Helping Fight COVID-19

WE ARE LOOKING FOR
780 FIRST
RESPONDERS, AND
OTHER FRONTLINE
AND ESSENTIAL
WORKERS TO JOIN THE
CDC-FUNDED RECOVER
STUDY

STUDY LOCATIONS:

1. University of Miami (South FL)
2. University of Arizona (Tucson AZ)

What We Hope to Learn

- How long immune protection lasts after infection
- Topics surrounding re-infection
- Risk factors for COVID-19 in occupational groups

RECOVER Participants will:

- Participate in [weekly surveillance](#) (i.e., short surveys and at-home COVID-19 tests) for up to one year
- Complete [at-home COVID-19 tests](#) if they become ill during the study
- Complete surveys about their COVID-19 history, risk, and exposure
- Complete [various blood draws](#) to test for antibodies

Participants will receive:

- Access to COVID-19 test results
- New information/updates on COVID-19
- Pride that comes with advancing the science of COVID-19
